Pocket spring mattress WELLNESS

The 7-zone wellness mattress, a pocket spring mattress with an additional nap foam pad that relieves pressure and supports effectively. The division into 7 different zones ensures precise support of the individual parts of the body. Foam rows are fitted between the individual pocket spring rows to increase the support function and point elasticity. These provide additional supporting force and prevent sinking too deeply. The anti-stress processing of the cover reduces the electrostatic charging of the body. Sleep is peaceful, deeper and more intense. The cover also ensures a high level of moisture absorption, good moisture transport and is permanently antistatic. It is equipped with an all-round zipper and washable up to 60 °C. Four loops facilitate the turning of the mattress. Total height of the mattress is approx. 20 cm. Suitable for adjustable slatted frames. 299 springs/m² at 100x200 cm, hardness class 2. Quality made in Germany.

Material: Cover: 44% lyocell, 32% polyamide, 21% polyester, 3% viscose, 60 °C washable.

VEGA offers several kinds of topper

BASIC DREAM – with filling made of polyester fibers

The topper with siliconized polyester hollow fibers is soft and comfortable. It is easy to care for and is held in place by rubbers in the corners.

KOMFORT – with cold foam

Due to its honeycomb structure, the cold foam topper offers a good pressure relief and thus forms a comfortable lying surface. It is held in place by four rubbers in the corners and has a removable and washable cover.

EXKLUSIV – with viscoelastic foam

Viscoelastic foam adapts perfectly to the body. It distributes the body pressure equally and thus allows a good sleep. Its hypoallergenic, easy-care cover has a zipper and can be easily removed.

LUXUS – with gel foam filling

Its viscoelastic foam ensures a perfect sleep, because it relieves and distributes the body pressure optimally. Its microcapsules with a climate-regulating gel guarantee that the lying surface always remains pleasantly cool.

POCKET SPRING - TOPPER

The core of this topper consists of arched springs, which are individually wrapped in fabric bags and can react very accurately to pressure. This topper perfectly supports the body and especially the spine. It promises optimal ventilation for an ideal sleeping.

Topper EXKLUSIV

Quilted mattress topper and ergonomic, viscoelastic pad in one! The viscoelastic foam in the core (all sizes = 4 cm, except 200/200 = 5cm)) adapts with heat individually to the body and provides pressure-relieving sleeping comfort. The 4 sided zipper allows easy removal. Suitable for house dust mites allergy sufferers, high standard of hygiene. In addition to the functionality the topper convinces by the pleasant feel of its both sides quilted cover with a climate fiber made of 100% polyester.

Our fitted sheets

VEGA offers you different fitted sheets.

Cotton jersey

Jersey fitted sheets have several advantages. They are stretchy and very elastic and thus suitable for all mattresses. In addition, the soft and durable bed sheets are very easy-care because they do not need to be ironed.

Organic cotton jersey

These fitted sheets are made of organic cotton that is grown without pesticides and other chemicals. They are stretchy, very elastic and thus suitable for all mattresses. Since they do not have to be ironed, they are also very easy to care for.

Mikro modal jersey

Modal is a breathable natural fiber that is particularly soft and can absorb moisture very well. In addition, it is very durable: Even at frequent washing it retains its color and remains wonderfully soft. Since these bed sheets are stretchy and very elastic, they adapt to all mattresses. They are particularly easy-care and do not need to be ironed.

Fitted sheet Micro Modal

The fitted sheet Micro Modal is pleasantly lightweight, cuddly and has a soft feel. The smooth surface provides excellent moisture absorption and high breathability - ideal for sensitive skin. Compared to viscose, modal provides improved tear strength and abrasion resistance and at the same time remains dimensionally stable even after frequent washing. Easy to put on, ideal fit, base height 25 cm.

Material: Jersey (non-iron): 100% micro modal. 60 °C washable.

VEGA offers you six kinds of mattress protection:

■ Flame-retarding (FLAMEPROOF)

The mattress protection FLAMEPROOF is flame-retarding according to BS 7175 Crib 7 (IMO Part 9) and thus complies with the strictest safety standards. It consists of blended fabric (viscose (Lenzing FR) and lyocel (Tencel)), reduces the felt heat, lets the air circulate and the body moisture escape.

■ Permanent (PROTECT)

This mattress protection provides permanent protection for your mattress and ensures greater hygiene and comfort. With its terry surface and polyurethane underside it is impermeable to water, but at the same time allows the air to circulate

Mattress protector DELPHINE

This product is made of brushed fleece in combination with polyurethane and offers many advantages: natural barrier against mites, reduces the risk of allergies, responds and absorbs moisture during sleep.

Material: 65% cotton, 35% polyurethane. 230 g/m². 95 °C washable.

■ **Half permanent (PRYA)**

This mattress protection extends the durability of your mattresses. It is made of disposable material and offers all advantages of an effective mattress protector: it is impermeable to water, antibacterial and breathable. The mattress protector is not washable and must be replaced every six to twelve months.

■ **Polyurethane impregnation (DELPHINE)**

With its two sides made of terry or polyurethane, it is a natural protection against mites and thus reduces the risk of allergies. It also lets the air circulate and escape the body moisture.

■ **Polypropylene and polyethylene impregnation (CELINE)**

With its two sides made of cotton and polyester, this mattress protector offers a very effective impregnation. A film made of polypropylene and polyethylene makes it completely impermeable to water, but at the same time allows the air to circulate and moisture to escape.

■ **Cotton (BRICE)**

Both sides of this mattress protector are made of cotton. This provides maximum moisture absorption and protects your entire bed.

Natural filling

A natural filling not only guarantees authenticity and volume, but also optimally supports the body and ensures an excellent sleeping. The filling consists either completely of duck down or may additionally contain duck feathers. Down impresses above all through lightness and volume. Since down is less common than feathers, a pure down pillow is always a very special product. The feathers give the pillows strength. The higher the share of feathers, the stronger the pillow. And the

higher the share of down, the softer it is. A natural filled pillow can be machine washed. In addition, it is recommended to shake the pillows regularly, so that down and feathers can be optimally distributed. You can increase the hygiene and lifespan of your pillows by protecting them from sweat with our protective covers (see opposite page).

Duvets and pillows

Care

Our duvets and pillows are good for your health, anti-allergic and easy-care. They can be machine washed and tumble dried at moderate temperatures (40 °C - 60 °C).

Cover

Our covers are soft, thin and lightweight. As they are woven very densely, the filling is preserved for a long time and mites are kept away.

Quilting

With a diamond- or upholstery quilting, the fibers are optimally distributed.

The different fillings

■ **Super siliconized hollow fiber filling.**
Due to the silicone the fibers are smooth and do not lump. They are equally distributed in the duvet or pillow.

■ **Natural filling**

Feathers and down support the body and provide an excellent sleeping environment. The down flakes allow good air circulation and moisture absorption. Furthermore, they

make duvets and pillows fluffy and comfortable. The feathers have a two-dimensional structure and a higher weight. This makes duvets and pillows firm and robust.

Our pillows and duvets comply with standard EN ISO 12952.

General Terms and Conditions

1 Scope and provider

These General Terms and Conditions apply to all orders you place with E.M. Group International GmbH, Hettlinger Straße 9, 86637 Wertingen, represented by its managing director, Siegfried Horn.

Service hotline: Mon to Thu 07.30 am – 05.00 pm, Fri 07.30 am – 03.30 pm, phone: +49 8272 807 447, fax: +49 8272 807 451, e-mail: service@em-group.com, online-shop: www.em-group.com.

Our goods are exclusively offered to commercial consumers. Our deliveries, services and offers are provided exclusively on the basis of these General Terms and Conditions which shall also apply to all future business relationships even if they are not expressly agreed again. Your or any third party's terms and conditions of business shall not apply even if we do not object to their application in a particular case.

The contract language shall only be German or English.

You can access and print out our currently valid General Terms and Conditions at the following website: www.em-group.com.

2 Conclusion of contract

The presentation of goods in the online shops, catalogues and advertisements shall not be binding offers to conclude a purchase agreement. Rather, such presentation shall represent a non-binding invitation to order goods by phone, fax, e-mail or online.

Upon receipt of your order, we shall check whether the articles ordered are available and we shall then make an individual offer which you may accept in writing or by paying the purchase price. We shall be bound to our offer for a period of 14 days.

A purchase agreement for the goods or services shall be concluded only if you pay the amount stated in the offer or expressly accept our offer in writing. Sending an e-mail shall be sufficient as written acceptance.

3 Prices

Prices apply to the extent of delivery and services stated in our individual offer. Prices are quoted in EURO ex works, plus packaging and shipping charges and, where applicable, plus statutory value-added tax. Customs fees, charges and other public levies shall be paid by the recipient.

4 Payment terms

Our individual offers may be paid for at your option by bank transfer, by credit card (VISA/MasterCard) or via Paypal.

5 Set-off; right of retention

You shall have a right of set-off only if your counter-claim has been determined without further legal recourse or is not disputed by us.

You may exercise a right of retention only where your counter-claim is based on the same contractual relationship.

6 Place of fulfillment, delivery; retention of title

The place of fulfillment for all obligations under this contractual relationship shall be Wertingen, Germany unless otherwise stated.

We shall select the mode of dispatch and the kind of packaging according to our best judgement.

Unless otherwise agreed, goods shall be delivered upon receipt of payment ex our warehouse to the delivery address specified by you.

The goods shall remain our property until full payment of the purchase price.

Any dates or periods for the delivery of goods or the provision of services announced by us shall always be without commitment, unless we promise a fixed period or date. With regard to the dispatch of goods, any delivery period or delivery date shall refer to the time of hand-over to the carrier, haulage contractor or other third party engaged by us for shipment.

Although, in principle, we make delivery to any place in the world, we reserve the right to decide on the delivery of goods ordered in each particular case.

We shall not be liable for any inability to deliver or any delay of delivery where this is caused by force majeure or any other circumstance which was unforeseeable at the time the contract was concluded. We shall be entitled to rescind the contract if such circumstances make delivery or service provision by us

substantially difficult or impossible. Where such impediment is just of a temporary nature, the delivery and service provision deadlines shall be extended accordingly.

We shall be entitled to make partial delivery if you can use the part of the delivery supplied to you in accordance with the contractual purpose, this does not cause any unacceptable additional expense to you and delivery of the remaining goods is ensured. We reserve title to the goods until complete settlement of all claims under the current business relationship. Prior to transfer of ownership of the goods under reservation of title, pledging or assignment as security shall not be permitted.

7 Right to return goods

You buy without risk because you are entitled to return the goods within ten days of receipt of the goods. This right does not apply to any goods already used or soiled which are made to customer specifications (e.g. hotel name printing) or are clearly tailored to personal requirements. To exercise your right of return, send the unused and clean goods back to us at your own expense, if possible in their original packaging, otherwise in a comparable safe packaging together with all accessories and all packaging components.

8 Warranty

The warranty period shall be one year from delivery of the goods. You are obligated to inspect the goods for quality defects and incorrect quantity without delay and with due diligence and notify us of any apparent defects within seven days of receipt of the goods. It shall be sufficient if the notice of defects is dispatched within the time limit. This shall also apply to any hidden defect detected later with respect to the time of detection. Warranty claims cannot be asserted if you fail to comply with your duty to inspect and notify us of a defect.

In the event of any defect, we shall at our option make subsequent improvement or substitute delivery (supplementary performance). In the case of subsequent improvement, we shall not have to bear the additional costs caused by the goods having been brought to a place other than the place of fulfilment, unless where such transfer is in compliance with the intended use of the goods.

If supplementary performance fails twice, you shall be entitled at your option to demand abatement or rescind the contract.

9 Liability

Unlimited liability: We shall be liable for wilful intent and gross negligence. In the event of slight negligence, we shall be liable in accordance with the provisions of the product liability act and for any damage caused by injury to life, body or health of any person.

Limitation of liability: Apart from that, we shall be liable in any case of slight negligence only for a breach of a material contractual obligation, i.e. a contractual obligation fulfilment which enables the proper performance of the contract in the first place and on which the contractual partner may typically rely. This limitation of liability shall also apply for the benefit of our vicarious agents.

10 Final provisions

Should any of the provisions of these General Terms and Conditions be or become invalid, this shall not affect the validity of the remaining provisions.

Should any provision which is actually necessary not be contained in the contract concluded between you and us or in these General Terms and Conditions, the parties hereto undertake to agree upon a valid provision which they would have agreed, taking account of their commercial goals, if they had realised the gap.

Any contract between you and us shall be governed exclusively by German law, excluding application of the United Nations Convention on Contracts for the International Sale of Goods (CISG).

The place of jurisdiction for any dispute arising from or in connection with a contract concluded between you and us shall be Wertingen, Germany.
